Dear American Doorstop Project,

It is my pleasure to offer my support for the American Doorstop Project. I am personally familiar with the outstanding work Jody Lamp and Melody Dobson have been associated with in the past. I can assure you that the Nebraska publication will be a source of pride to be associated with as a sponsor.

I am especially excited that American Doorstop has selected Nebraska as its subject for the first in a series of publications. This opportunity directly coincides with the celebration of our state's Sesquicentennial and will give our citizens a platform to tell the stories of the past that are derived from the roots of agriculture. As a rancher who comes from a long-line of ranchers and farmers, I have heard firsthand the stories of my ancestors and the challenges and triumphs they experienced in their lifetimes. It is essential we preserve these stories and the American Doorstop Project provides that opportunity.

I appreciate the effort being made to bring this project to fruition and very much look forward to what I know will be an excellent final publication.

Thank you.

Sincerely,
DEPARTMENT OF AGRICULTURE
